NUMBER 51.

HAMLIN SCHOOL BAND GETS UNIFORMS

HIS PANTS WERE STOLEN

The Herald man overheard a conversation the other day which had for its subject, the uniforms for the Hamlin High School Band uniforms.

It seems a committee has been appointed by somebody, to solicit funds for about thirty-five or forty uniforms, and it would appear that on this committee was Bill Cherry, Ted Russell and Bill Calhoun, who functioned as a finance committee, and some ladies, with Mrs. Ted Russell as chairman were to select the uniforms.

The selection has been made and it is reported that Friday measurements will be taken and ere long we may see a proud little band in Hamlin all dressed up.

The Herald understands that these uniforms are to be the property of the public school, and when the user is not using the uniform, it will be stored for someone else. Don't understand how about the "fitting," maybe the new recruit must be selected to fit the suit.

Possibly the Herald can induce somebody to furnish fuller information as to the number of suits and the cost per suit, and as for looks, that will be easy.

Plenty of "Rousing Music" ought to help tame the rising tide, and contribute to the happiness of all. The band leader, Mr. Collum is a quiet, unassuming little man, but tops when it comes to getting young folks to playing in a band. "Here Comes the Band."

SOME COOLER, MORE RAIN

Well, summer is over, and maybe the "Frost Cricket" will be right after all. The "Frost Cricket" said it would frost about October 25, and here it is the 20, and quite cool. All this comes after the most prolonged heat through September and first two-thirds of October, witnessed for a long time.

The good rain that fell about a week or more ago, did a lot of good. Started some wheat to coming out, and the past Wednesday night another slight rain, maybe a quarter or more fell and it will boost the wheat some more.

Cotton is nearly all out after the many long hot weeks. Little cool spells and showers will slow up the finishing of cotton gathering, but perhaps by November 15th, it will all be out. This will enable the farmers to start their new crops during the late fall.

Don't miss seeing the SENIOR BOOTH at the Junior Carnival.

How would you feel if you got up in the morning and reached for your pants and they were nowhere to be seen? Ask W. L. Boyd, he knows.

Monday night, maybe it was, W. L. Boyd pulled off his pants as usual, tumbled over in his bed and went to sleep. The next morning his pants were gone, and with them about \$17.00 or more, with his keys, a nail or two, some buttons, a tooth pick, his belt, a knife, a string and maybe a few other things. Yes, sir-e-e, right her in Hamlin town, on Jackson Avenue.

Mr. Boyd says he can't accuse his neighbors, that is some of them, for he knows they were up after he went to bed. Maybe some guy got hungry and entered the Boyd house and not finding anything to eat, they just compromised by taking a big pair of pants.

One young lady was heard to say that any man who goes to bed and leaves his doors unlocked ought to have his pants taken. She may be right. One can't tell who is wanting to get into somebody else pants.

BABIES BORN AT HAMLIN HOSPITAL

Since last week two babies were born at the Hamlin Hospital, first, on Friday, October 14, Edward Eugene Donaghey, weight 8 pounds and four ounces, was born to Mr. and Mrs. Alfred Donaghey.

Sunday afternoon a new daughter was born at the Hospital, to Mr. and Mrs. Oliver Webb. The little lady weighed six pounds.

Mr. and Mrs. J. E. Carpenter and little son Junior, of Fort Worth, came up Saturday to visit their mother, Mrs. N. M. Acuff and other relatives. They were accompanied by friends, the Misses McCamers of Fort Worth.

Frederick Chaney, who has been living at the home of H. A. McWright east of Hamlin the past two months left for California, last week to make his home with his grandfather.

Milton Sharp and his mother-in-law returned Wednesday from Gustine, Texas where they visited Milton's parents, Mr. and Mrs. A. P. Sharp.

Mr. and Mrs. G. M. Cullar of Abilene have recently moved to Hamlin to make their home. They purchased the D. C. Gibson residence on 3rd Street.

MRS. DAY DIED TUES. AFTERNOON

After many weeks of intense suffering, death came to Mrs. John T. Day, at her home on Central Avenue, at 12:45 p. m., Tuesday, October 18.

In recording this sketch of the life of Mrs. Day, we speak as a close friend and neighbor, who had been associated with her and her family for nearly twenty-five years, during which time we learned to appreciate her as an outstanding, noble Christian character, a devoted companion and mother and a woman who was always ready to help those with whom she came in contact. Mrs. Day lived her life as a quiet, devoted Christian, and the more one understood that about her, the more one could admire and esteem her.

Before her marriage, Mrs. Day was Alma Eulalia Kee, born in Burleson, Alabama, July 29, 1870. The family moved to Texas when she was but about four years of age, and in 1882 they settled in Comanche County, and in that county and in De Leon the Kee family became outstanding citizens of the highest type.

On June 7th, 1893 in De Leon, Texas, Alma Eulalia Kee became the wife of John T. Day. To this union there were four children, one son who died in infancy, and the others are, John Ed Day, of Hamlin, Mrs. Garland Tumlin of Hamlin, and Mrs. Maurice Smith of Anson. The husband and all the children were present when death came.

Mrs. Day is survived also by three brothers and three sisters, John A. Kee of Fort Worth, R. A. Kee of McCloud and Charles Kee of Arkansas City, Ark., and Mrs. Jeff Smith of De Leon, Mrs. W. T. Patterson of Abilene and Mrs. J. C. Ellis of Dallas.

After engaging in the hardware business in De Leon for many years, Mr. and Mrs. Day moved to Rotan, where they continued in the same kind of business till in January 1914 when they came to Hamlin. For nearly twenty-five years Mrs. Day had been outstanding in this community as a faithful Christian woman, quiet, unassuming, modest, but with all, a person who yearned to do her part in every good cause. She was converted in early girlhood, by inclination she manifested a spiritual nature. She gave of her time and means. She was a member of the First Baptist Church, and had a good part in making its progress assured. She was kind and sympathetic to all in distress, steadfast in standing for the best for her community.

Mrs. Day's health had been failing for several years, but with her strong will power, she continued going about and kept up her radiant spirit. The more intimate one knew Mrs. Day the more she was appreciated and loved.

Funeral services were conducted at the Baptist Church, Wednesday morning at 10 o'clock, by the pastor, Rev. J. Henry Littleton. There were an unusually large number of out-of-town friends present, so many that it would be impractical to try to list them here. Several were present from Anson, Rotan, Stamford and Abilene. There were a large number of relatives from various places over Texas, and a host of Hamlin friends, all to pay tribute to the life of the deceased. Flowers speak the language of tender love and esteem, and certainly they left nothing out as many bountiful and beautiful floral offerings were banked about the bier and far out into the corners of the church.

Rev. Littleton, who had been Mrs. Day's pastor for more than thirteen years, found it difficult to speak the many things he felt should be said in the limited time permitted. Mrs. Day had been so faithful and helpful in the work of the church. Her counsel and encouragement had made the pastor feel more like a son during these years, hence the difficulty in saying all he desired to say.

The body was taken to the family cemetery at De Leon for interment.

S. I. Boone and son Weldon, of Floyd came over last Saturday to visit his daughter, Mrs. Ira Branch, of Rotan and look after farm interests.

MRS. J. W. POTTS DIED NEAR PLAINVIEW

The Plainview community, east of Hamlin lost one of its prominent women, Saturday afternoon at 5:15, October 15, when death claimed Mrs. J. W. Potts, age 70 years.

Mrs. Potts had a stroke of paralysis at 8:00 o'clock that morning, that caused death in the afternoon.

Mrs. Potts' maiden name was Willie Perry, born September 10, 1868, in Webster County, Georgia. At the age of three years, she came with her parents to Gonzales County Texas. She was united in marriage to James Walter Potts in December 1893, at Leesville, Texas. To this union there were four sons all of whom survive and were at the funeral, namely, J. S. Potts of Hamlin, G. W. Potts of Luling, Donald H. Potts of Anson and Olin who resided with his mother. The husband preceded her in death nearly twenty one years ago.

The Potts family moved from Gonzales County in 1905 and settled in the Plainview community in Jones County where their home has been maintained since that time. Mrs. Potts is survived by four sisters, Mrs. L. A. Stroman and Mrs. F. M. Carraway both of Gonzales County, Mrs. Y. H. Stroman and Mrs. D. A. Pace of San Antonio. Ten grandchildren survive.

Funeral services were held at the Anson First Baptist Church at four o'clock, Sunday afternoon, conducted by Rev. Walter Fielder and Rev. L. A. Doyle, and interment was in Mt. Hope Cemetery.

In the younger years of her life, Mrs. Potts was converted and joined the Baptist Church, and was a member of the Corinth Baptist Church at the time of her death.

Those attending the funeral from a distance were: Mrs. J. C. Mills of Garden City, Texas and Mrs. Mills' daughter, Mrs. Fred Russell of Detroit, Mich., Mrs. Nelms and son Charles and daughter, Rosemary of Tahoka; Mr. and Mrs. L. C. Wade, of Lubbock; Clifford B. Pope and family of Sagerton; Mr. and Mrs. R. P. Hattox of Weinert; Mr. and Mrs. John G. Wade and Mr. and Mrs. R. G. Tacker Jr. and daughter Myrna, of Luling; Mr. and Mrs. A. Y. Corley of Haskell; Mr. and Mrs. Garland Poer, Mr. and Mrs. Bruce Goodrich, Mr. and Mrs. Joe White, Dr. F. R. Adamson and Larry Adamson of Abilene; Cecil Corley, Rotan; Mr. and Mrs. Carl Murff and son Milton and J. S. Blundell, Lamesa; Mrs. J. H. Patton, Jr., Houston and Mr. and Mrs. Adell Murff, McCaulley.

Mrs. J. J. Dowling of Omaha, Nebraska, returned to her home Tuesday after spending a week here with her son, Dr. U. J. Dowling and wife. Mrs. Dowling brought her grandson, Jimmie, age 4 years, after spending a month with his grandparents.

Haskell Farmer First to Pay Farm Purchase Loan

The Herald is reproducing a news item that speaks for itself. According to our idea home-ownership of farms is possible with government help and direction and is the only solid basis for getting our country on its feet.

C. M. Evans, regional director, said Cox entered the FSA rehabilitation program in 1936, and this year was selected as one of the six tenant farmers to receive FSA farm purchase loans in Haskell County. Through adherence to the farm management plan worked out for him by the rural supervisor and the supervisor of home management plans, Cox now holds a deed to the farm which he rented in 1936, Evans said.

When the family came into the FSA rehabilitation program at the beginning of 1936, Cox listed his net worth at \$84, which represented a very few household effects, six hens and one pig.

Hamlin FFA Boys Getting Off to Fine Start

Hamlin FFA program is well underway. Our first FFA meeting for this year was held Wednesday afternoon in the agricultural department at the high school.

The first business we finished was the election of Mignon Waggoner as FFA Queen for 1938-39. The three girls securing the next highest votes for queen were elected FFA Sweethearts for this year. They were Marjorie Riddle, Geneva George, and Victoria Rhodes.

All of the officers had been elected for this year except the reporter, although that is fine and dandy now because we quickly decided on Bill Morrison to be the reporter which makes the official list as follows.

President, Robbie Gill; Vice President, J. E. Walton Jr. Secretary, Frank Hillier Jr.; Treasurer, W. L. Hunter.

With Mr. Templeton as our advisor and instructor, Brookie Pitcock was elected toastmaster for our annual FFA Banquet with Gerald Ivy as chairman of the general banquet committee, and Jack Kelley, James Steed and Garlan Preston as members of the general committee.

Sub-committees were elected as follows:

Decorations, Raymond Elkins, J.

To men who are going ahead —

We invite you to meet a man who can do you a good turn—your tailor.

Good tailor-made clothes will help you mightily in your climb to better position and better pay.

E. V. Price & Co.

MAKE THAT KIND OF CLOTHES

THEIR REPRESENTATIVE WILL BE HERE

at Bryant-Link Co.

THURSDAY, OCTOBER 27th

He will take your measures and show you the finest array of styles, colors and patterns you ever saw—not little swatches, but in the bolt—you can see how they really look.

You'll keep your chin up in the suit he makes for you. You'll stand out from the crowd.

It will cost no more than ordinary clothes—it will be worth far more to you. ORDER IT NOW.

What's your Tailor?

Ed. V. Price & Co. ought to be! Come in and see.

WENKE BEAUTY SALON Wins Again

The beauty operators of Abilene and surrounding towns held a hair styling contest in Abilene last Thursday night, at which time Freida Sparks, one of our operators, won the first prize trophy, making the third one for our shop.

The general trend of the hair styles presented were of the popular upswing coiffures.

All of our operators are not only efficient in hair styling, but in every line of beauty culture.

FARMERS REGISTERING
MUCH COMPLAINT

Wonder how a Congressman would feel, if he should get out over his district and listen to the complaints of farmers about the present "Farm Program?" We notice, however, down in the Dallas district, where the farmers are "pleased" with the program. That is, if we judge from press reports of resolutions passed. But, we do know, in this county, there is wide-spread dissatisfaction.

One prominent farmer in the eastern part of the county, said he had been planting about 135 acres in wheat, but this year they were cutting down his acreage to 30 acres. Think of that! That does not sound right over here in West Texas. Can anyone tell what would happen to the farmer, say just one, if he went about his farming as if there were no governmental program? Suppose he planted anything and any amount his judgment saw fit, could he be hung for it? We would like to know. It is true, that there are many farmers who are getting a lot of money from the government on the program, but it's very apparent that there are still many more who are seriously handicapped. We noticed this week, where the big acreage farms in Texas had received from the government, \$10,000.00 to \$102,000.00 each and some of them are in West Texas too. It don't look quite right to hand out a lot of money to such big landed concerns and at the same time hand out money to thousands without

jobs, without a place to live. Something is wrong, and it is not getting any better. The idea is growing to cut out all governmental crop control, and let the farm boys fight out their own problem. Just wipe out and start from "scratch." Wonder what would happen? To do that now, all of a sudden, would never do. It looks like the more the government takes a hand the bigger hand it must play.

KEEP UP THE GOOD WORK

Pessimists who have doubted that the automobile accident rate can be reduced, have been happily proven wrong this year, for the rate has gone down sharply since 1937.

Apparently the public ear has finally been opened to the teachings of the safety experts. States and communities have carried on more and better prevention campaigns than in the past. The insurance industry has assumed leadership in combatting highway slaughter and has issued invaluable books to be used in schools, by individuals and by civic authorities. In some areas there has been noticeable improvements in traffic law enforcement, and the arrest and punishment of offenders. Lastly, a start has been made in various states to make accidents impossible by constructing modern highways, without intersections, and with separated lanes that prevent head-on collisions.

We have learned that safe driving is the product of safe thinking. Relatively few drivers are congenitally reckless—and the only cure for this

I Give You TEXAS

(By BOYCE HOUSE)

Ranger is still one of the most colorful towns in Texas. Main street, of course, is quieter than it was on that New Year's Eve, back during the big oil boom, when men stood on opposite sidewalks, and fought a "battle" with Roman candles.

But old drillers still sit around in the lobby of the Ghoshon and swap tales of the great rush, as well as experiences in the fields of West Virginia, Pennsylvania, Oklahoma and foreign lands—Russia, Mexico, Venezuela.

The spot where the once once-celebrated Oklahoma Cabaret flourished is the location of a hospital.

Most daring crime during the entire boom was the daylight holdup of the cabaret by two men who lined up a dozen tough customers at the bar and searched them. There was a puddle in the middle of the floor and one of the robbers addressed the proprietor:

"You're supposed to be tough; get down and wallow in that puddle like a hog."

At this moment, a policeman entered

minority is revocation of licenses. Most drivers who cause accidents are simply thoughtless and ignorant. They do not realize the chances they take until a calamity occurs, or the message of the workers in the accident prevention field reach them and awaken them to their errors.

Now the country must fight all the harder to keep the accident rate down—and to reduce it further. A good start has been made. And the interest and cooperation of everyone is needed if this good record is to be continued.

tered and they disarmed him. Then, after one of the bandits had shot a hole in the floor, they left. There was a running gun-fight through the streets, in which a deputy sheriff was wounded. Some of the pursuers were on horseback. The robbers were cornered in a hotel and were captured without another shot being fired though one of them was reloading his pistol as the posse burst into the room.

Austin is, of course, the most politically-minded city in the state. Even when the headlines in the Austin newspapers do not play up some governmental or political event, the newsboys will pounce upon some political story with a small heading and base their shouts upon that. Particularly is this true of the newsies around the hotel entrances.

They shout "All about State Official Zilch." If any issue ever really printed all about some of the officials at Austin, the copies would sell at two-bits apiece—and most of the buying would be done in a big hurry by the officials and their friends, intent on suppressing the issue.

CARD OF THANKS

We take this method to tell all our friends how we sincerely appreciate what they have done for us in the hour of sorrow in our home. Words cannot express our appreciation for your expressions of sympathy in the death of our mother.

Olan Potts,

Donald Potts and family,
Sanford Potts and family,
Mr. and Mrs. Grady Potts.

Mr. and Mrs. T. D. Stell have moved to Lipan, Texas where Mr. Stell re-enters the "sheep farming" business. He is the father of D. W. Stell of Hamlin, one of our retail oil men. The elder Stell made lots of friends while living in Hamlin and to tie him onto these folks his son is sending him the Herald from here out.

Curiosa Americana

By Elmo Scott Watson

Punctuation

IN AN old-time schoolbook, used in the early days of the republic, the importance of proper punctuation was illustrated with this verse:

Wrong

Every lady in this land Hath twenty nails upon each hand; Five and twenty on hands and feet; And this is true without deceit.

Right

Every lady in this land Hath twenty nails; upon each hand Five; and twenty on hands and feet; And this is true without deceit.

Now, test your skill on the following bit of nonsense (from the same source) which becomes sensible when punctuated properly:

I saw a pigeon making bread; I saw a girl composed of thread; I saw a towel one mile square; I saw a meadow in the air; I saw a rocket walk a mile; I saw a pony make a file; I saw a blacksmith in a box; I saw an orange kill an ox; I saw a butcher made of steel; I saw a penknife dance a reel; I saw a sailor twelve feet high; I saw a ladder in a pie; I saw an apple fly away; I saw a sparrow making hay; I saw a farmer like a dog; I saw a puppy mixing grog; I saw three men who saw these too, And will confirm what I tell you.

Less trying days!

MONT in, month out, many women and girls obtain two-way benefit from Cardui. It aids in building up the whole system by helping women to get more energy from their food—and so increases resistance to the strain of functional periodic pain. Try it!

SENIOR PROGRAM GETS UNDERWAY

The Senior class of Hamlin High School met Wednesday, October 2, to discuss plans for the Junior Carnival and for carrying out the class program of the year.

The following committees were appointed by De France Burton, president. Booth committee: Jack Russell, chairman, J. R. Elliott, Max Taylor, Eva Fowler, Bessie Joiner and Zelma Knight. Float committee: Mildred Barrow, chairman, Clara Louise Shelburne, John Scarborough, Dean Redus, Peggy Rogers and Pauline Shelton. Stunt committee: Loleta Ubben, chairman, Rosemary Carlton, Floy Hudson, Geneva George and Ivan Mustain. Ring committee: Alvis Cooley, chairman, Mildred Barrow, George Dean, Clara Louise Shelburne and Max Carlton.

On Tuesday, October 18, the class was again assembled for the purpose of selecting senior rings for 1938-39. The ring chosen will bear the school emblem, the Pied Piper, with appropriate inscription on the crest and the date on the shank. Delivery of the rings will be made the latter part of November.

SENIOR PERSONALITIES

LOLETA UBBEN: Lovely Miss Loleta Ubben was born within three miles of Hamlin on Jan. 27, 1922. At the age of six years, Loleta attended Swedonia Grammar School for one year. Since then she has attended the Hamlin schools. When Loleta was a freshman and sophomore she was an active basket ball player. Now as a Senior, her studies and other activities will not permit her to partake in any sports.

This year as a senior the senior class unanimously elected her as the queen of this class of 1939. We hope to make her queen of the junior Carnival.

Hobby: Painting.

Favorite color: Blue (hint to boys with blue eyes.)

Favorite teacher: She says she likes all of them. (She is unusual.)

Boy Friend: She is not talkin'.

Sport: Swimming

Subject: History (Coach Smith leaves notice.)

MAX CARLTON: On May 3, 1921, in the little town of Peacock, Texas a boy was born in the home of Mr. and Mrs. D. W. Carlton. He was christened Max Baer Carlton.

When Max was three years old his parents moved to Hamlin, Texas. At the age of seven he started to the Hamlin grammar school under Mrs. Mae James.

Even as a very little boy Max loved basket ball, football and other sports.

In 1934, Max entered Hamlin High School as a freshman. He quit for football that same year. As sophomore he lettered and was a very valuable man to the Hamlin team. Max also played football during his Junior year and now as a Senior, he is the star player on the Hamlin team.

Because of his good looks and personality, Max was elected escort for the Junior Carnival. Max has a few weaknesses and here they are . . . His favorite color: Baby Pink. His favorite song: "Side Walks of New York."

Favorite Girl Friend: (He is dashful.)

Favorite Movie Star: Buck Jones

Favorite Subject: Business Arithmetic.

—Reporter.

SENIORS BOOSTING

JUNIOR CARNIVAL

Yes sirre! The Seniors are backing the Junior Carnival and want to operate in every way with the Junior class in making this one of the best shows possible. The Junior class is offering a lot of good entertainment, and the Senior class will do their part in adding to the fun and amusement of the evening. So get the Carnival spirit! We cordially invite you to visit the spectacular, stupendous Senior booth. The Senior class guarantees you an evening of real, first class fun, frolic, amusement and entertainment—something to be enjoyed and something to be remembered. Don't fail to see the Senior booth.

the SENIOR BOOTH at the JUNIOR CARNIVAL.

A real show—See the Senior BOOTH at the Junior Carnival.

H. H. S. PEP SQUAD

Wednesday was a show day for the Hamlin High School Pep Squad. Dressed in their new green flannel uniforms and white caps, they left school at 10:00 o'clock a. m., in the new International School Bus, with Mr. Scott driving and Miss Thompson chaperoning. They stopped at the Methodist Church and had a group picture made. Then they went to the Haskell Fair. After lunch, the squad met at the Haskell High School building, and at 1:00 the Hamlin girls marched in a big parade and really did justice to the grand ole Hamlin High—green and white—and Pied Pipers.

The girls spent the afternoon seeing sights and having fun. Wednesday night they presented a novel stunt at the Haskell Gym, where a beautiful pageant was given and where the West Texas Queen was crowned. The Pep Squad and their sponsor enjoyed this trip. Thanks to everyone who made it possible.

P. T. A. ENROLLMENT CLOSES OCT. 31

The Parent-teacher Association has a membership campaign on and they are offering a prize to the room getting the most members—so if you have not listed your name, get busy.

NEW UNIFORMS FOR HAMLIN BAND

Thirty-five new uniforms have been ordered for the Hamlin Band. Friday evening the band will go to Stamford to help boost for the Pied Pipers when they meet the Stamford Bulldogs.

DANGERS LURK AT FOOTBALL GAMES

AUSTIN, Oct. 1938.—Gridiron fans should take a tip from football players this fall and protect themselves at games by keeping in good physical condition, the Texas State Department of Health advises.

The nervous strain brought on by the Southwest's razzle-dazzle style of play, exposure to extreme climatic conditions for long hours in an open stadium and sudden changes in weather are particularly dangerous to football spectators who have been leading sedentary lives indoors, Dr. Geo. W. Cox, state health officer, warned.

The healthy person, like the athlete who adheres to strict training rules, won't be kept away from games because of illness. The spectator who keeps fit maintains his "eligibility" throughout the season. But one who is careless with his health is apt to miss a few games or be out of the season with a cold influenza or more serious illness.

This is particularly true of the late fall games when the weather varies greatly from week to week.

Again using the players as an example, Doctor Cox urges fans to dress carefully for the games. It is a foolish gamble with ill health to wear heavy garments to opening games when the thermometer is hitting 99, no matter what fashion decrees. And late season games necessitate warm clothes and wraps, of course.

Doctor Cox also asks football fans to cooperate with the Department of Public Safety in driving carefully to and from football games. Congested week end traffic is the probability that some drivers are over enthusiastic and careless, add to traffic hazards, and serious accidents.

Miss Elsie Wienke, owner of the Wienke Beauty Salon, is extremely happy over success of one of her operators, Mrs. Freida Sparks, who won first prize in a hair styling contest in Abilene last Thursday night. This makes three times this shop has won in contests. Mrs. Sparks will represent this district in the state contest at Houston in a few weeks.

A real show—See the Senior BOOTH at the Junior Carnival.

JONES COUNTY CLUB

WOMEN WILL MEET

IN HAMLIN SATURDAY

A meeting of the Jones County Federation of Women's Clubs will be held Saturday afternoon, October 22, at 2:30 o'clock at the High School building.

The speaker for the afternoon will be Mrs. Grover C. Johnson, of Wichita Falls, president of First District of Texas Federation of Women's Clubs.

A cordial invitation is extended to the women of Hamlin and neighboring communities to attend this meeting.

The Woman's Literary Club.

GUEST HONORED

WITH PARTY

Miss Geneva Huling entertained Miss Edna Mae Dominey of Rule, with a party in her home, Saturday night. Miss Dominey is a sister of Mr. and Mrs. Bill Dominey, who have recently moved to Hamlin from Rule. Lemonade and cookies were served to the following guests: Edna Mae Dominey, guest of honor, Olga Fae Norris, Rose Zell, Van and Fron-

ny Ray Carter, Bettie Abbott, Olive Stovall, Lofton Brown, Bynum Hall, Bobby Barrow, R. M. Petty, Bernice Beard, Geneva George, Francis Davison, Nola Welch, Elouise Adkins, James Reeves, Obera Rush, Billie Merle Adair, Earl Smith, Billy Dillard, Clay Bailey, Marie Huling and the hostess, Geneva Huling.

Everyone enjoyed themselves and they are looking forward to more frequent visits from Miss Dominey.

MRS. TURNER BEARD

HONORED WITH PARTY

Mrs. Herman McBride and Frank M. Lawlis were hostesses for a farewell party for Mrs. Turner Beard, in the home of Mrs. McBride, October 17, 1938. Several exciting games were played in which Mrs. Beard won grand prize, receiving a shower of lovely gifts. Mrs. Heflin Miller read.

A plate that consisted of sandwiches, peach salad, fruit punch and cookies was served to Mmes. Gordon Bennett, A. Davis, Ed Bailey, Jim Moody, Heflin Miller, Joe McCrary, Z. T. Wilson, Vernon Anderson, M. B. Templeton, Bob Wiar, J. P. Morgan, Harold Bonner,

Tom Teague, Arch Hackley, Fred Carpenter, W. H. Hanks, Ray Jones, Clint Barrow, Joe Simpson and Misses Ella Temple and Edwina Gilbert and the honoree and the two hostesses.

E. D. Mason of Balboa Heights, Canal Zone came up last week to visit his mother, Mrs. S. F. Mason, at McCaulley. He also has a brother at McCaulley, and once each year he comes up to Texas to visit his relatives. Mr. Mason is Assistant to the General Manager of the Panama Railroad. He has been there twenty-three years.

Everyone enjoyed themselves and they are looking forward to more frequent visits from Miss Dominey.

Great Water Conservation Program Being Sponsored

FORT WORTH, Oct. 18.—Work on three water facilities projects in the drainage basins of four West Texas streams and their tributaries calling for the construction of stock ponds, farm water storage reservoirs, wells, water spreaders and garden irrigation systems on farms in 15 counties will get under way this week, Louis P. Merrill, regional conservator for the Soil Conservation Service with headquarters at Fort Worth announced today. Approval for the establishment of these projects was made in Washington last week by the Water Facilities Board.

Paul H. Walser, College Station, Texas, state coordinator for the Soil Conservation Service in Texas will exercise general supervision of the project work.

The three projects approved by the Water Facilities Board for development in the western portion of Soil Conservation Service Region 4 are:

CALIFORNIA CREEK WATERSHED

Water facilities construction work will be done on farms in the 700,000-acre watershed lying in the northern half of Jones County, the southern half of Haskell County and portions of Fisher and Throckmorton counties.

CHAMPION CREEK AND LONE WOLF DRAW WATERSHEDS

A 200,000-acre drainage basin in Mitchell and Nolan counties.

MUSTANG AND SEMINOLE DRAWS WATERSHED

A 4,000,000-acre drainage basin lying in Midland, Martin, Andrews and Gaines counties and parts of Howard, Glasscock, Ector, Yoakum and Dawson counties. Technicians of the Soil Conservation Service in the Region 4 sector of Texas, which includes all territory outside the High Plains, will work in Midland, Martin, Howard, Glasscock and Ector counties. Region 6 of the Service, with headquarters at Amarillo, will direct water facilities works in Andrews, Gaines, Yoakum and Dawson counties.

The need for conservation and utilization of rainfall in the arid and semi-arid areas of the West has long been recognized and various agencies have attacked the problem in their own ways," Mr. Merrill said today. "But not until the passage of the Water Facilities Act of 1937 did a comprehensive program to aid the farmer and rancher through small water developments on his own land come into being.

"Now with an appropriation of \$500,000 from Congress and allotment of \$5,000,000 by the Farm Security Administration for rehabilitation of needy farmers in 17 Western states, including Texas, through the provision of water facilities the initial drive is being launched to promote a better use of lands by means of small water development," Mr. Merrill explained.

The water facilities program for West Texas is a cooperative enterprise being carried on jointly by the Bureau of Agricultural Economics, the Farm Security Administration and the Soil Conservation Service of the U. S. Department of Agriculture. The Texas Planning Board, the State Board of Water Engineers and the Texas Extension service assisted the federal agencies in selecting locations for the water facilities projects.

General responsibility and leadership for the operations phase of the program, especially in receiving applications and in constructing and installing water facilities has been assigned to the Soil Conservation Service. Assisted by the Farm Security Administration, the Soil Conservation Service is to take the initiative in preparing individual farm plans and in determining the contribution of labor, equipment and materials which the farmer shall make toward construction of facilities on his farm. In the field the Soil Conservation Services makes the contacts for the program with the general public and supervises arrangements with state and local agencies in the operations program.

The Farm Security Administration is to have charge of the financing of farmers including the approval of loans for facilities work and the drafting of repayment schedules. It also will help the Soil Conservation Service in making farm plans and will help the farmer put these plans into effect.

The Bureau of Agricultural Economics is charged with the responsibility for over-all planning of water

facilities programs in specified agricultural areas.

Mr. Merrill pointed out that the plan for each farm approved for a water facilities loan will include, in addition to installation of water facilities, provisions for a complete and coordinated program of soil and water conservation and a farm and home program all designed to promote a profitable and stable agricultural enterprise.

"Funds are not to be expended for the provision of water facilities on a 'hit or miss' plan, or for a great variety of purposes," Mr. Merrill stated. "They are to be expended to provide carefully planned water facilities to achieve wiser land use over a period of years, and through wiser use of land to promote the welfare of the people who live on the land."

Operations in the three project areas will be directed from small field offices now being set up. Headquarters for the California Creek project will be set up at Stamford with H. M. Bird, formerly with the Vernon project of the Soil Conservation Service in charge.

Headquarters for Champion Creek project will be at Colorado. D. C. Larner, formerly in charge of soil conservation field work for the Brownwood CCC Camp will be in charge.

Olin Fanner, formerly located at the Temple project and the San Angelo Area offices of the Soil Conservation Service will be in charge of a field office at Midland from which point activities of Region 4 of the Soil Conservation Service in the Mustang and Seminole Draws project will be directed. Region 6 of the Service will set up a field office at Lamesa.

Mr. Merrill pointed out that since isolated farms would be expensive to plan and administer the program will be concentrated in areas where the most good can be accomplished for general farm welfare. In the assistance provided this year, first consideration will be given to needy farmers who are not financially able to provide adequate water facilities to insure proper farm operation.

Farmers requiring financial assistance for water facilities work on their land may be granted loans through the Farm Security Administration. Such loans can be repaid on liberal terms. Farmers will be required to contribute as much as possible of the labor, materials and team power needed to install water facilities. Technical assistance in planning and supervision of installations will be furnished without cost to the farmers.

Small facilities to be constructed under the program include stock ponds, farm water storage reservoirs, garden irrigation systems, wells, detention, retention and diversion dams, pump installations, windmills, spring development, water spreaders and facilities that will help to replenish underground water supplies. All of these will provide immediate assistance to the farmer in improving the quality of his farming operations.

Coupled with these developments will be the use of contour cultivation, strip cropping, terraces, crop rotation, pasture development and improvement and other conservation farming practices designed to retain soil and water for productive uses. The farm and home phase of the program sponsored by the Farm Security Administration will emphasize the importance of subsistence farming to supply home needs of the farm family.

Applications for work in the three project areas may be made to the field offices at Midland, Colorado and Stamford, any county agent or field representative of the Farm Security Administration.

Thinking of Papers?

The Herald has some very attractive clubbing rates for Semi-Weeklies and Daily Papers—don't overlook the fact that the Herald is your home paper and has your personal interest at heart—Some people depend on "borrowing" the Herald, but that is only better than nothing—it costs so little and can mean so much to each one in the family—Read your home paper first and then a good daily or semi-weekly state paper. . . . The HERALD goes anywhere for a whole year for \$1.00

Don't miss seeing the SENIOR BOOTH at the Junior Carnival.

MC CAULLEY MATTERS

By JOHN P. HARDESTY

Mr. and Mrs. B. G. Poindexter and Miss Stella Poindexter of Olin, visited Mrs. Alice Hopkins and family Sunday.

Monroe Hopkins is visiting homelinks for awhile. He has been employed in Austin for some time.

Mr. and Mrs. Harding and three children of Eskota, visited with the Lee Hendon family and other relatives, Sunday.

The following from McCaulley attended the Workers Conference of Fisher County Baptist at Roby, Monday: Messrs. J. M. Johnson, C. W. Johnson and John P. Hardesty; Mrs. Stephenson, Faulkenberry, Davison and Hardesty. The next meeting goes to Highland Home church, Monday after the third Sunday in November.

Rev. J. Henry Littleton of Hamlin will occupy the pulpit in the McCaulley Baptist church next Sunday morning. He is exchanging with the local pastor who will preach at the Hamlin church. Our people are urged to hear Bro. Littleton, as he always has a good message.

This column will be a little shy this week, as the writer and his wife will be away on a visit for the most of the week, and will have little opportunity to gather news.

Lillian Akins was home from Abilene from Saturday night to Monday afternoon, visiting her parents, Mr. and Mrs. M. L. Akins and family.

A large number of McCaulley school folk saw the A. C. C. and Trinity University ball game in Abilene last Saturday afternoon.

Buford Jackson gave two music numbers on his "Bottle Contraption" over KRBC last Saturday afternoon. He was awarded first prize over several amateur contestants. Since this bottle arrangement has no name, we call it a Contraption. Buford also gave several numbers on his contraption, at the school building, Friday in connection with the P. T. A. Program.

BOYD CHAPEL CHIRPS

(By Mrs. Earl Brown)

Rev. J. R. Bateman filled his regular appointment here Sunday. This was his last preaching service here for this year, if he is not sent back, we have certainly lost a good pastor. He and his good wife have done a great amount of good in the four years they have been with us. The Fourth Quarterly Conference will convene at McCaulley on Sunday evening, October 30, at 7:30.

Mrs. L. F. Young spent last weekend in Fort Worth visiting with her daughters, Mrs. Moore and Mrs. Jeffries and their families.

The friends of Mrs. L. F. Cozzen sympathize with her in the loss of her mother, Mrs. Dupree who passed away on Tuesday, October 4th, at her home in O'Brien, Texas.

Mrs. Thompson Young received a painful injury last Monday, when she fell from the steps of her porch and broke her leg. Those who spent Sunday with her and her family were: Mr. and Mrs. O'Neal of Flat Top; Mr. and Mrs. J. D. Rainey of Plastero and Miss Mildred Young of Abilene.

Born to Mr. and Mrs. Sam Tindal on October 4, an 8 1-2 pound boy, named Walter Donald.

Born to Mr. and Mrs. Hurther Taylor on October 15, a girl, named Tressie Laverne.

Mr. and Mrs. Truman Gleason of Anson spent Sunday with Mr. and Mrs. Lee Gleason.

The singing at Mrs. L. F. Young's on last Wednesday night was enjoyed by a large crowd. Singing on next Wednesday night will be at Mrs. Ollie Hennington's home.

Mr. and Mrs. Jim Holden visited with Mr. and Mrs. Byron Maberry in McCaulley last Sunday.

Don't forget, folks, next Sunday afternoon the Northside Singing Convention meets here at 1:30. We are expecting a large crowd and some good singing.

Mrs. W. D. Bristow honored her little daughter, Katheryn with a birthday party on last Friday afternoon. Those present were: Charlotte Pope, Jacqueline Hall, Foy Lindsey Flood, Walter Lee Goza, Duane Brown, Beatrice Bingham, Deloris Young, Yonne Young and Hilda, Charles and Billie Hubbard.

Cake and cocoa was served as refreshments.

Mr. and Mrs. Paul Green visited Mrs. Green's parents in San Angelo Sunday. Mr. Green is one of the salesmen at the Safeway Store in Hamlin.

Bronchial Coughs

Need Creomulsion

Just a common cough, a chest cold, or bronchial irritation of today may lead to serious trouble tomorrow. They may be relieved now with Creomulsion, an emulsified Creosote that is pleasant to take.

Creomulsion is one preparation that goes to the very seat of the trouble to help loosen and expel germ-laden phlegm. When coughs, chest colds and bronchial troubles due to common colds hang on, get a bottle of Creomulsion from your druggist, use it as directed and if you are not satisfied with the relief obtained, the druggist is authorized to refund your money. Creomulsion is one word, ask for it plainly, see that the name on the bottle is Creomulsion, and you'll get the genuine product and the relief you want. (Adv.)

Dr. J. L. Meeks of Gainesville, Georgia, a brother-in-law of Garland Tunlin, came over Tuesday afternoon by plane as far as Fort Worth and then by bus
